

Topic 1: Places & Skills

1. Research and bring in a Geography related news article that you're interested in finding out more about.
2. Create a timeline of how Birmingham has changed over time.
3. Research and then keep a 7-day weather forecast diary for Handsworth.

Topic 2: Natural Disasters

1. Watch the film "The Impossible" about the 2004 Boxing day Tsunami and write a series of diary entries from the point of view of the main character, Harry.
2. Create a newspaper article from the day after the 2004 Boscastle flood.
3. Create an information poster informing people of how to protect themselves against a natural disaster of your choice.

Year 7 Geography Development Homework Tasks

Topic 3: Environmental Concerns

1. Design an information brochure explaining the importance of coral reefs.
2. Create a poster to explain the issues related to global warming, to help raise people's awareness and to reduce their carbon footprint.
3. Design and plan out your own environmentally friendly "carbon neutral" village.

Topic 4: Where in the World?

1. Create a board game to test your friends on their knowledge of either India or China.
2. Create a Geography fact file on a continent of your choice.
3. Invent your own plant or animal and its adaptations to survive in a certain environment, for example in the desert.
