Cardinal Wiseman is a thriving and exciting school which provides children with the very best educational and employment opportunities. We work closely with or primary feeder schools and pride ourselves on being at the heart of our local community.

We have a wide and enriching curriculum, extending our learning beyond the classroom to provide children with a variety of educational experiences including trips to support our charity in Malawi.

Our children also have access to a range of extra-curricular activities, with after school clubs including drama, dance, music, cooking, ICT and homework club, not to mention our rapidly expanding football academy. Our sixth form is growing rapidly and for the past five years has consistently been in the top three highest performing schools in the wider Coventry area for outcomes at KS5.

Our unique qualities:

- A strong Catholic school with a rigorous academic curriculum
- A commitment to extra-curricular activities ranging from Irish dancing to rugby
- A thriving house system that develops the ‘whole child’ and prepares them for future study and employment
- Sixth form consistently one of the highest performing in Coventry
