

Music

KEY STAGE 3 MUSIC (YEAR 7)

Throughout Key Stage 3 Music, students will be developing the four main skills of Performing, Composing, Listening and Evaluating. Students will be levelled on each of these skills in accordance with the National Curriculum. Year 7 students study a range of topics:

- Blues Music
- Music for Film
- Remix (Music Tech)
- Band Skills

Throughout Key Stage 3 Music, students will be developing the four main skills of Performing, Composing, Listening and Evaluating. Students will be levelled on each of these skills in accordance with the National Curriculum. Year 8 students study a range of topics:

- Blues Music
- Music for Film
- Remix (Music Tech)
- Band Skills

KEY STAGE 4 MUSIC

Students who opt to study Music further will enrol onto the GCSE course (AQA exam board). Throughout Key Stage 4, students will develop their Performing, Composing, Listening and Appraising Skills. They will receive instrumental lessons whereby they develop their practical performance skills in preparation to perform both a solo and ensemble piece. Students are taught the theory of music in order for them to be able to compose music of their own as well as understand and appreciate music across many genres, ages and traditions.
