

# Cardinal Wiseman Catholic School

Part of The Romero Catholic Academy

BN/JML

12 February 2018

Dear Parent/Guardian

As you will be aware, we have been reviewing our current Key Stage 3 provision and we will now be moving to a knowledge based curriculum from September 2018. In order to support with this, we have made the decision to create a three year Key Stage 3. We feel that this is the best model to ensure that your child reaches their full potential.

We thank you for your suggestions and feedback during Parents' Evenings and Parental Coffee Mornings regarding homework and, as a result of this, we will be moving to knowledge booklets for your child to use at home. These booklets are designed to support your child's learning and also stretch their understanding of the topics being taught in lessons. Additionally, we will also be posting optional extension tasks onto our website, which can be found under the **Students & Parents** tab / **Homework**.

All Year 11 students have now been provided with revision guides for each of the subject areas that they study. PiXL subject Apps and GCSEPod have also been purchased to support students with revision.

Please continue to check the school's website as well as our Twitter and Instagram feeds for further information.

Many thanks for your continued support.

Yours faithfully

L Burtonwood (Ms)  
Assistant Principal

Executive Principal: Mr Anthony Quinn

Head: Mr Thomas Leverage
