Step 3

Then enter your password associated with your school account.

If you have forgotten your password, you can contact your tutor or head of year to change your password.

Once you have signed in successfully you will need to go to www.classroom.google.com or just search for **'Google Classroom'**

You may be asked to select if you are a student or teacher. Select the Student option

You are now into Google Classroom and can see all of the classes you are in.

If you have any problem seeing your classrooms, please contact your tutors or year head.
