We are really looking forward to you starting at Cardinal Wiseman this September. Today is an opportunity to meet your new form tutor and some key staff linked to year 7. You will also start your new journey of making new friendships and experiences.

So that we can find out as much as we can about you, we would like you to fill in the following pages with as much information about yourself as you can. We look forward to reading all about you!

If for any reason you become lost or require help with anything, please look for a staff member in a red jacket
