1. Do not scale from this drawing.
2. All measurements are in millimeters unless stated otherwise.
3. The drawing is to be used in conjunction with the contract, documentation, specification and all relevant Architectural, Electrical, Mechanical, Sanitary and Structural drawings.
4. Any discrepancies between documents are to be reported to the Architectural team for review and clarification, prior to works commencing.
5. All dimensions and dimensions to be checked and confirmed on site, prior to works commencing.
6. Labeled drawings are provided as design intent. The detail shown is indicative of typical detail; all components, fittings and seals etc. are to be purchased and installed at the satisfaction of each relevant manufacturer's recommendations to maintain thermal, air and fire resistances where applicable.

Suppliers shall not use the statements, warranties or other terms of this contract for the purpose of advertising or for any other purpose without the prior written consent of the Purchaser or the Purchaser's authorised representative. The completeness of any information relating to the Peak contract Framework Agreement, or any part of the Framework Agreement, shall be deemed to be the responsibility of the Supplier. Suppliers are, therefore, entirely responsible for the accuracy and completeness of all information upon which they rely in the design, fabrication and installation of any goods, equipment or services under the Framework Agreement. Suppliers shall ensure that any information relating to the Framework Agreement is up to date and that any goods, equipment or services under the Framework Agreement comply with the requirements of the Framework Agreement. Suppliers shall ensure that any information relating to the Framework Agreement is up to date and that any goods, equipment or services under the Framework Agreement comply with the requirements of the Framework Agreement.
